Present: Kent Allyn, Ann Grinnell, Duncan McEachern, Page Mead, Judy Spiller, Nancy Colbert Puff, town manager

The Wood Island Advisory committee met on Thursday, September 18 at 6:45 PM in the Kittery Town Hall small conference room to review a draft proposal from the Wood Island Living Station association for funding from the US Department of Interior Maritime Heritage fund. WIAC's primary concern with the proposal was that it did not adhere to what had been agreed to in the WILSSA-Town of Kittery agreement on living station repairs. WIAC developed line by lines suggestions to make sure that the proposal to conform to the agreement conditions. The Town Manager was to transmit those revisions to WILSSA.
